Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. CSE	Indian Institute of Information Technology, Design and Manufacturing Kancheepuram	9.2	2022-2026
Senior Secondary	CBSE Board	94.8%	2021
High School	CBSE Board	95.2%	2019

Projects

- **Personal Portfolio** *Jan. 2024 - Ongoing*
  Web Development Website
  - Developed and launched a personal portfolio website to showcase my skills, projects, achievements and ideas
  - Utilized HTML and CSS to design and code a visually appealing and responsive website that effectively highlighted my professional background.

- **Classic Snake Game** *Dec. 2023 - Jan. 2024*
  100-Days of Code Github
  - Developed a classic Snake Game using Python and the Turtle graphics library.
  - Implemented game mechanics, user interface, and scoring system, showcasing proficiency in Python programming.
  - Demonstrated problem-solving skills by overcoming challenges in game logic and user interaction.
  - Applied principles of object-oriented programming for creating modular and maintainable code.
  - Utilized version control with Git, enhancing collaboration and code management skills.

- **PONG Game using Python** *Dec. 2023 - Jan. 2024*
  100-Days of Code Github
  - Designed and implemented a classic Pong Game using Python and the Turtle library, showcasing creativity and game development skills.
  - Developed game mechanics, including paddle movement, ball physics, and scoring system, highlighting proficiency in Python programming.
  - Implemented user interface elements, enhancing the player experience and demonstrating attention to detail in design.
  - Applied principles of game development, such as collision detection and event handling, to create a polished and engaging gaming experience.
  - Collaborated with a team to receive feedback, iterate on the game design, and address user experience improvements.
  - Utilized version control with Git, ensuring efficient code management and deployment.

Skills

- **Programming**: Python, C/C++, MySQL, Java* Leetcode CodeChef
- **Web Development**: HTML, CSS, JavaScript, PHP
- **Tools/Frameworks**: Autocad, Numpy, Matplotlib, OOPs, BeautifulSoup, Selenium, Pygame, MS Office, Latex*, Tkinter
- **Operating Systems**: Windows, Linux*
- **Non Technical**: Leadership, Problem Solving, Coordination, Critical Thinking, Creativity

** Elementary proficiency*

Key courses taken

- **Computer Science**: PSP, DSA, DAA, OS, COA, System Design, DBMS, Data Science
- **Mathematics**: Linear Algebra, Calculus, Discrete Maths, Probability & Statistics
- **Humanities & Management**: Effective Language and Communication Skills , Earth Environment and Design, Indian Constitution, Essence of Indian Traditional Knowledge

Positions of Responsibility

- **Participated in**, Sr. Bal Vigyan Indore Sahodaya *Sept. 2018 - Jan. 2019*
  - Led a dynamic team in a Bal Vigyan, on the topic "Innovative Solutions for Problems of Today & Tomorrow"
  - Coordinated team members, assigned tasks, and ensured timely completion of project milestones.
  - Developed and delivered a compelling presentation that effectively communicated complex scientific concepts to a diverse audience.
  - Collaborated with team members to create visually engaging materials, incorporating multimedia elements for enhanced impact.
  - Demonstrated strong leadership skills by motivating and guiding team members to achieve a cohesive and polished presentation.
  - Successfully navigated Q&A sessions, displaying in-depth knowledge of the subject matter and adaptability under pressure.

Achievements

- **Best Idea**, Bal Vigyan organised by Indore Sahodaya Schools Complex *2018*
- **JEE Mains 2022**, Secured **98.2 Percentile** among 1.2 million candidates appearing for the test *2021*
- **Competitve Programming**, Leetcode Biweekly 120, Secured a rank of 5540 among 23900 candidates *2023*
- **Competitve Programming**, Codechef Starters 104 Div. 4, Secured a rank of 984 among 15827 candidates *2023*
